Yonggang Li

National University of Singapore
Department of Information Systems and Analytics
School of Computing

Phone: +65-8038 7012
Email: yonggang@comp.nus.edu.sg
11 Research Link, Singapore 119391

EDUCATION

National University of Singapore — Singapore
Ph.D. in Information Systems — November 2026 (Expected)
Dissertation: *Effect of Artificial Intelligence on Organizational Learning*
Supervisor: Provost's Chair Professor Jungpil Hahn

Guangxi Normal University — Guangxi, China
Master of Software Engineering — 2014-2017
Advisor: Professor Shichao Zhang

Beijing Normal University, Zhu Hai — Zhu Hai, China
Bachelor of Computer Science — 2008-2012

RESEARCH INTERESTS

Artificial Intelligence and Organizational Learning; Human-AI Collaboration; Complex Systems and Adaptation; Computational Modeling of Organizations

Methods: Computational Modeling, Simulation, Machine Learning

WORKING PAPERS

1. Yonggang Li & Jungpil Hahn. "Review of Research on Huma Trust in Artificial Intelligence" (ICIS2022)
2. Yonggang Li & Jungpil Hahn. "Effect of Artificial Intelligence on Organizational Learning Performance" (ICIS2024)
3. Yonggang Li & Jungpil Hahn."AI-assisted Knowledge Work: Boon or Bane"
4. Yonggang Li, Fean Tan Min Xian, Jungpil Hahn. "Impact of Human-Artificial Intelligence Partnerships on Creativity"

TEACHING INTERESTS

- Artificial Intelligence
- Digital Strategy and Transformation
- Data Science / Business Analytics
- Organizational Theory
- Machine Learning

TEACHING EXPERIENCE

Teaching Assistant, National University of Singapore

- IS5116 Digital Entrepreneurship 2020
- IS5007 Strategising for Global IT-enabled Business Success 2021 and 2022
- IS5008 Technology Risk & Cyber Resilience 2021
- IS5152 Data-Driven Decision Making 2022

PRESENTATIONS

1. Review of Research on Huma Trust in Artificial Intelligence

- - International Conference on Information Systems (ICIS), Copenhagen, Denmark 2022
- -NUS Brownbag, Singapore, 2022

2. Effect of Artificial Intelligence on Organizational Learning Performance

- - International Conference on Information Systems (ICIS), Bangkok, Thailand 2024
- - Joint NUS-NTU-SMU Summer Research Workshop, Singapore, 2025

AWARDS AND HONORS

- Research Achievement Award (School of Computing, NUS) 2025
- National Scholarship (Top 0.2%, 6,000 RMB, Ministry of Education of China) 2010
- National Scholarship (Top 0.2%, 20,000 RMB, Ministry of Education of China) 2016

PH.D. COURSEWORK

1. Information Systems

- Qualitative Methods for IS Research — Shiying Lim
- Quantitative Methods for IS Research — Chuanhoo Tan
- Contemporary Theories for IS Research — Jungpil Hahn
- Data-Driven Decision Making — Setiono, Rudy
- Design Science Research in Information Systems — Vaibhav Rajan

2. Marketing and Economics

- Econometrics for IS Research — Nan Chen

3. Machine Learning

- Neural Network and Deep Learning II — Yingjie (Angela) Yao
- Topics in Machine Learning and Optimization — Vaibhav Rajan
- Advanced Natural Language Processing — Ng Hwee Tou
- Advanced Topics in Machine Learning — Tung Kum Hoe Anthony

SKILLS

Programming: Python, MATLAB, LaTeX
Methods: Simulation Modeling, Machine Learning, Data Mining
Languages: English (Fluent), Chinese (Native)
